We have 19,798,165 subordinate voting shares and 1,548,000 multiple voting shares outstanding. Each subordinate voting share carries one vote per share at all meetings of shareholders except for separate meetings of holders of another class of shares. Each multiple voting share carries ten votes per share at all meetings of shareholders except in certain circumstances (which have not occurred) and except for separate meetings of holders of another class of shares. The outstanding subordinate voting shares currently represent 56.1% of the total votes attached to all classes of our outstanding shares.

Each holder of our subordinate voting shares or multiple voting shares of record at the close of business on March 5, 2010 (the "record date" established for notice of the meeting and for voting in respect of the meeting) will be entitled to vote at the meeting or any adjournment thereof, either in person or by proxy. Shareholders representing in person or by proxy at least 15% of our outstanding shares constitute a quorum at any meeting of shareholders.

The Sixty Two Investment Company Limited ("Sixty Two") owns 50,620 subordinate voting shares and 1,548,000 multiple voting shares, representing 44.0% of the total votes attached to all classes of our shares (100% of the total votes attached to the multiple voting shares and 0.3% of the total votes attached to the subordinate voting shares). V. Prem Watsa, our Chairman and Chief Executive Officer, controls Sixty Two and himself beneficially owns an additional 256,993 subordinate voting shares and exercises control or direction over an additional 2,100 subordinate voting shares. These shares, together with the shares owned directly by Sixty Two, represent 44.8% of the total votes attached to all classes of our shares (100% of the total votes attached to the multiple voting shares and 1.6% of the total votes attached to the subordinate voting shares). To the knowledge of our directors and officers, there are no other persons who beneficially own (directly or indirectly) or exercise control or direction over more than 10% of the votes attached to any class of our shares, except that, according to our best information, Southeastern Asset Management, Inc. owns or controls 3,262,493, or 16.5%, of our subordinate voting shares.

None of our director nominees serve together on the Board of any other companies, other than subsidiaries of Fairfax, or act together as trustees for other entities.

Mr. Griffiths was a director of Brazilian Resources Inc. until June 2004. The company was subject to an insider cease trade order issued by the Ontario Securities Commission on June 10, 2001 due to the company's late filing of financial statements. All required documents were filed by the company and the cease trade order was rescinded on July 30, 2001. The company was also subject to a cease trade order issued by the British Columbia Securities Commission on June 30, 2003 due to the late filing of financial statements. All required documents were filed by the company and the cease trade order was rescinded on July 8, 2003. Mr. Griffiths was a director of Consumers Packaging Inc. until April 2002. The company operated under the protection of the *Companies' Creditors Arrangement Act* (Canada) (the "CCAA") commencing in 2001. During the protection period, cease trade orders were issued against management and insiders due to the company's failure to file financial statements. The cease trade orders were temporarily lifted to permit the court sanctioned sale of substantially all of the company's assets, and the company later filed an assignment in bankruptcy. Mr. Griffiths was a director of Slater Steel Inc. until August 2004 which, under the protection of the CCAA commencing in 2003, operated in an orderly wind-down. Mr. Griffiths was a director of AbitibiBowater Inc. when the company was subject to temporary management cease trade orders issued by the Quebec Autorité des marchés financiers on April 2, 2009 and the Ontario Securities Commission on April 6, 2009 due to the company's late filing of financial statements. All required documents were filed and the cease trade order was rescinded on April 30, 2009. The company and certain of its U.S. and Canadian subsidiaries filed for protection in Canada under the CCAA and in the United States under Chapter 11 of the United States Bankruptcy Code in April 2009.

Mr. Horn was formerly a director, as a representative of Rogers Communications Inc., of AT&T Canada Inc. when it filed for protection from its creditors in October 2002.

Appointment of Auditors

If you submit a proxy in the enclosed form, it will, unless you direct otherwise, be voted **FOR** the appointment of PricewaterhouseCoopers LLP as our auditors to hold office until the next annual meeting. PricewaterhouseCoopers LLP (formerly Coopers & Lybrand) have been our auditors since 1974. The resolution to appoint PricewaterhouseCoopers LLP as our auditors must be passed by a majority of the votes cast in person or by proxy at the meeting.

Shareholder Proposal

At the meeting, shareholders will be asked to consider a shareholder proposal, the form of which is set out in Schedule A to this Management Proxy Circular, proposing that shareholders request us to answer the Carbon Disclosure Project questionnaire distributed in 2010. Our Board of Directors recommends that you vote **AGAINST** the shareholder proposal. The reasons for our Board of Directors' recommendation are set forth in Schedule A to this Management Proxy Circular, on page 23, immediately following the shareholder proposal. **Shares represented by proxies in favour of management will be voted AGAINST the shareholder proposal, unless a shareholder has specified in his or her proxy that his or her shares are to be voted for the approval of the shareholder proposal.** An affirmative vote of the majority of the votes cast at the meeting in person or by proxy is required to pass the resolution proposed by this shareholder proposal.

Shareholder Proposals for Next Year's Annual Meeting

The *Canada Business Corporations Act* permits certain eligible shareholders to submit shareholder proposals to us, which proposals may be included in a management proxy circular relating to an annual meeting of shareholders. The final date by which we must receive shareholder proposals for our annual meeting of shareholders to be held in 2011 is December 5, 2010.

Other Business

Our management is not aware of any other matters which are to be presented at the meeting. However, if any matters other than those referred to herein should be presented at the meeting, the persons named in the enclosed proxy are authorized to vote the shares represented by the proxy in their discretion and in accordance with their best judgment.

Compensation of Directors

Our directors who are not officers or employees of us or any of our subsidiaries receive an annual retainer of \$75,000 per year. There are no additional fees based on meeting attendance. The Chair of the Audit Committee and the Lead Director each also receives a further retainer of \$10,000 per year, and the Chair of each other committee also receives a further retainer of \$5,000 per year, for services in those respective capacities. In addition, non-management directors joining the Board are granted a restricted stock grant (or, as a result of applicable tax rules, an option equivalent) of approximately \$500,000 of our subordinate voting shares, vesting as to 10% a year commencing one year after the grant (or, if desired, on a slower vesting schedule). Additional amounts may be paid for special assignments. Please see the table below giving details of the outstanding option and share-based awards granted to our directors for information concerning stock-related awards to directors. Any such awards made to directors are on our outstanding subordinate voting shares purchased in the market and, since they involve no previously unissued stock, there is no dilution to shareholders. Non-management directors are also reimbursed for travel and other out-of-pocket expenses incurred in attending Board or committee meetings or in otherwise being engaged on our business. Our Chairman does not receive compensation for his services as a director separate from his compensation as Chief Executive Officer. Details of the compensation provided to our directors during 2009 (including compensation paid by our subsidiaries for those individuals' services as directors of those subsidiaries) are shown in the following table:

Details of the outstanding option and share-based awards on our previously issued subordinate voting shares granted to our directors are shown in the following table:

Name	Option-Based Awards				Share-Based Awards	
	Number of shares underlying unexercised options ⁽¹⁾	Option exercise price	Option expiration date	Value of unexercised in-the-money options ⁽²⁾	Number of shares that have not vested	Market value of share-based awards that have not vested ⁽³⁾
Anthony F. Griffiths	2,750	\$182.00	April 16, 2017	\$627,000	—	—
Robert J. Gunn	2,000	250.00	May 7, 2022	320,000	—	—
Alan D. Horn	1,754	285.08	May 5, 2023	219,110	—	—
David L. Johnston	2,000	250.00	May 7, 2022	320,000	—	—
Brandon W. Sweitzer	—	—	—	—	1,132	\$464,120
V. Prem Watsa	—	—	—	—	—	—

(1) Upon option exercise, we may provide a bonus equal to the exercise price, but we have no obligation to do so.

(2) The value of unexercised in-the-money options is calculated by subtracting the exercise price of an option on one share from the market value of one of our subordinate voting shares at the end of 2009, and multiplying that difference by the number of unexercised options. That value does not include any deduction to recognize that some or all unexercised options may never become exercisable.

(3) The market value is calculated by multiplying the market value of one of our subordinate voting shares at the end of 2009 by the number of such shares awarded pursuant to unvested restricted stock grants. That value does not include any deduction to recognize that the shares so awarded may never become vested.

No non-equity incentive plan compensation was earned during the year by our directors. The values vested during 2009 of the option-based and share-based awards granted to our directors shown in the preceding table are shown in the following table:

Name	Option-Based Awards – Value vested during the year ⁽¹⁾	Share-Based Awards – Value vested during the year ⁽²⁾
Anthony F. Griffiths	\$33,311	—
Robert J. Gunn	12,638	—
Alan D. Horn	5,131	—
David L. Johnston	12,638	—
Brandon W. Sweitzer	—	\$359,987
V. Prem Watsa	—	—

(1) The value vested is calculated by multiplying the number of options which became vested during the year by the amount by which the market value of one of our subordinate voting shares on the day of vesting exceeded the exercise price of an option. As no options which vested during the year were exercised, the values shown in the above table are comprised in (i.e., they are not additional to) the values of options shown in the preceding table.

(2) The value vested is calculated by multiplying the number of shares which became vested during the year by the market value of one of our subordinate voting shares on the day of vesting.

Director Share Ownership

Each Board member is expected to hold for the long term significant equity in Fairfax. Our Corporate Governance Guidelines provide that the Board will confirm each year that each member owns equity equal in value to at least five times the amount of his or her annual retainer. Directors who do not meet this minimum must apply their annual retainers to purchase subordinate voting shares (or similar equity-like ownership) of Fairfax until it is satisfied.

Directors' and Officers' Insurance

We purchase and maintain Directors' and Officers' Liability Insurance for our directors and officers and the directors and officers of certain of our subsidiaries. This insurance forms part of a blended insurance program which provides a combined aggregate limit of liability of US\$175 million, with a deductible to us of US\$10 million per loss under the Directors' and Officers' Liability Insurance. The approximate annual premium for this Directors' and Officers' Liability Insurance is US\$1,700,000.

Indebtedness of Directors and Executive Officers

We maintain a share purchase plan whereby the directors could, until July 30, 2002 when U.S. legislation applicable to us prohibited the making of any further loans under the plan, from time to time grant to designated employees, officers and directors of us or any subsidiary a loan (which may be interest free) repayable after a specified period (which often relates to when the recipient leaves the employment of us or a subsidiary, or when the recipient dies) to purchase our subordinate voting shares. A loan made to any individual was on a one-time or infrequent basis, and the shares purchased with the loan are expected to be held, not traded. All loans made under the plan have been for the purchase of previously issued shares purchased in the market, so that they involve no previously unissued stock and consequently no dilution to shareholders. Until repayment, the shares are held by a trustee subject to the terms of the plan. Of the \$15.4 million of currently outstanding loans made under the plan to all current and former executive officers, directors and employees of us and our subsidiaries (including \$5.1 million to our current executive officers), \$7.9 million (including \$4.8 million to our current executive officers) have been refinanced by the borrowers with a Canadian chartered bank (the current aggregate value of the shares securing these refinanced loans is \$55.9 million). We or our subsidiaries generally pay the prime plus one-half percent per annum interest on these refinanced loans on behalf of the borrowers and may under certain circumstances be obligated to purchase these loans from the bank.

Taylor, Martin and Rivett equal to the dividend that those individuals would have received on shares underlying options held on our previously issued subordinate voting shares if the options were exercised; amounts paid to Mr. Taylor on the privatization of Northbridge for options on Northbridge shares; and amounts received by Mr. Martin for serving at our request on the Board of Directors of Ridley Inc.
- (2) The 2008 amounts shown represent taxable benefits to Messrs. Martin and Salsberg on interest or deemed interest on loans with respect to the share purchase plan described above under "Indebtedness of Directors and Executive Officers"; payments in respect of registered retirement savings plans contributions and, for Mr. Salsberg, in respect of a life insurance policy, made in lieu of the establishment of a pension plan; a bonus paid to Messrs. Taylor, Martin and Rivett equal to the dividend that those individuals would have received on shares underlying options held on our previously issued subordinate voting shares if the options were exercised; a bonus paid to Mr. Taylor equal to the price he paid upon his exercise of options on Northbridge shares; and amounts received by Mr. Martin for serving at our request on the Board of Directors of Ridley Inc.
- (3) Our executives are paid in Canadian dollars. Values expressed in U.S. dollars are converted from Canadian dollars at the Bank of Canada noon rate on December 31, 2009 of 0.9555 and at the Bank of Canada noon rate on December 31, 2008 of 0.8166.
- (4) Mr. Rivett's award of options on 4,450 of our previously issued subordinate voting shares has been valued using the Black-Scholes option-pricing model. The fair value of the options was determined using risk free rates of 3.50% to 4.65% per annum, an expected life of 5 to 10 years, volatility of 35.7% to 43.0% and an expected dividend yield of 2%. We account for option grants by amortizing the market value of the underlying shares at the date of the grant (a higher amount than the value using the Black-Scholes option-pricing model) equally over the number of years (in this case, five) until the option vests.
- (5) Mr. Rivett's annual bonus reflects an effective adjustment of his 2008 salary to \$450,000.

Equity Compensation Plan

Our equity compensation plan, established in 1999, replaced our share purchase plan described above under "Indebtedness of Directors and Executive Officers" in 2002. No significant changes have been made to the plan since it was established, and

any changes would require the approval of the Compensation Committee. Under the plan, stock-related awards in the form of options or restricted shares may be made to the executive officers of us and our subsidiaries. An award made to any individual is on a one-time or infrequent basis, any additional award regularly reflecting an increase in responsibilities, with a general alignment of the aggregate amount of awards to executive officers with comparable degrees of responsibility. The awards granted are expected to be held, not traded; we have no pension plan, so these awards are our form of long term incentive, whose value is determined by the performance of the company over the long term. A grant decision is made by the Compensation Committee on the recommendation of our CEO. The awards are made of our subordinate voting shares which have been previously issued and the shares underlying these awards are purchased in the market and paid for in full, so that they involve no previously unissued stock and consequently no dilution to shareholders. As at December 31, 2009, a total of 70,035 options have been granted to our employees, representing 0.35% of our subordinate voting shares outstanding as at that date. For U.S. participants, the plan is structured as a restricted share plan, providing grants of outstanding shares which vest at future dates. For participants in Canada, the plan operates as much as possible like a restricted share plan but, in light of differences in applicable tax law, is structured instead to provide awards of options on previously issued shares purchased in the market, with the exercise price of each share being at least the closing market price on the date preceding the date of grant. The option is generally exercisable as to 50% five years from the date of grant and as to the remainder ten years from the date of grant or 100% five years from date of grant, subject to the grantee remaining an employee of us or our subsidiaries at the time the option becomes exercisable, and generally expires 15 years from the date of grant. Upon any option exercise we may provide a bonus equal to the exercise price, but we have no obligation to do so. Any option grant is made by our affiliated entity incorporated for that purpose, which purchases in the open market the shares on which awards are granted under the plan.

No share-based (as opposed to option-based) awards have been granted to our named executive officers under the plan. Details of the above-described options on previously issued subordinate voting shares granted to our named executive officers are shown below:

Name	Number of securities underlying unexercised options⁽¹⁾	Option exercise price	Option expiration date	Value of unexercised in-the-money options⁽²⁾

Eric P. Salsberg	—	—	—	—

(1) Upon option exercise, we may provide a bonus equal to the exercise price, but we have no obligation to do so.

(2) The value of unexercised in-the-money options is calculated by subtracting the exercise price of an option on one share from the market value of one of our subordinate voting shares at the end of 2009, and multiplying that difference by the number of unexercised options. That value does not include any deduction to recognize that some or all unexercised options may never become exercisable.

The only non-equity incentive plan compensation earned during the year by our named executive officers was the discretionary annual bonus shown in the “Summary Compensation Table” above under “Non-Equity Incentive Plan Compensation — Annual Incentive Plans”, which is described below under “Compensation Discussion and Analysis”. The values vested during 2009 of the option-based awards granted to our named executive officers shown in the preceding table are shown in the following table:

Name	Option-Based Awards – Value vested during the year⁽¹⁾
V. Prem Watsa	—
Greg Taylor	—
Bradley P. Martin	\$131,063
Paul C. Rivett	131,063
Eric P. Salsberg	—

(1) *The value vested is calculated by multiplying the number of options which became vested during the year by the amount by which the market value of one of our subordinate voting shares on the day of vesting exceeded the exercise price of an option. As no options which vested during the year were exercised, the values shown in the above table are comprised in (i.e., they are not additional to) the values of options shown in the table describing options on previously issued subordinate voting shares granted to our named executive officers.*

Executive Share Ownership

All of our executive officers are long term shareholders of Fairfax. While we do not have formal executive share ownership guidelines, our executive officers are expected to hold their shares throughout their tenure. In practice, with the exception of charitable donations, there has been almost no trading of our shares by our executive officers.

Compensation Discussion and Analysis

Our Compensation Committee, in consultation with senior management, is responsible for establishing our general compensation philosophy and participating in the establishment and oversight of the compensation and benefits of our executive officers. Our executive compensation program is designed to align the interests of our executives and shareholders by linking compensation with our performance and to be competitive on a total compensation basis in order to attract and retain executives. Except in the case of Mr. Watsa, as described below, the remuneration of our executive officers consists of an annual base salary, an annual bonus and long term participation in our fortunes by the ownership of shares through the equity compensation plan (details of this participation are set out above under “Equity Compensation Plan”) and through the now discontinued share purchase plan (details of this participation are set out above under “Indebtedness of Directors and Executive Officers”).

The base salaries of our executive officers are intended to be competitive but to remain relatively constant, generally increasing only when the executive assumes greater responsibilities. A discretionary bonus in the range of 50% to 150% of base salary, if and to the extent appropriate, is awarded annually. In awarding bonuses, the Compensation Committee considers the performance of our executive team during the year in light of its accomplishments and relative to our Guiding Principles. The annual bonus is a percentage of the annual base salary, which percentage in any year is identical (except rarely in special individual circumstances, none of which were present in 2009) for all executive officers: there are no corporate (beyond the company’s Guiding Principles) or individual performance goals or objectives set or evaluated. We have not chosen to benchmark executive compensation against compensation of comparable companies.

Each year, our CEO makes compensation recommendations to the Compensation Committee in consideration of the achievements of our executive team during the year and our corporate objective to achieve a high rate of return on invested capital and build long term shareholder value. The Compensation Committee evaluates the factors considered by our CEO and decides whether to approve or adjust the recommendations for compensation of our executive officers. The Compensation Committee separately considers the compensation for our CEO, as more fully described below.

Compensation of the Executive Officers for 2009

Mr. Watsa proposed to the Compensation Committee the remuneration of our executive officers for 2009. The Compensation Committee considered the proposals by Mr. Watsa, which included a description of the accomplishments of our executives. Our Compensation Committee evaluated and approved the compensation of our executive officers. Details of the compensation awarded to our named executive officers for 2009 are shown in the “Summary Compensation Table” above.

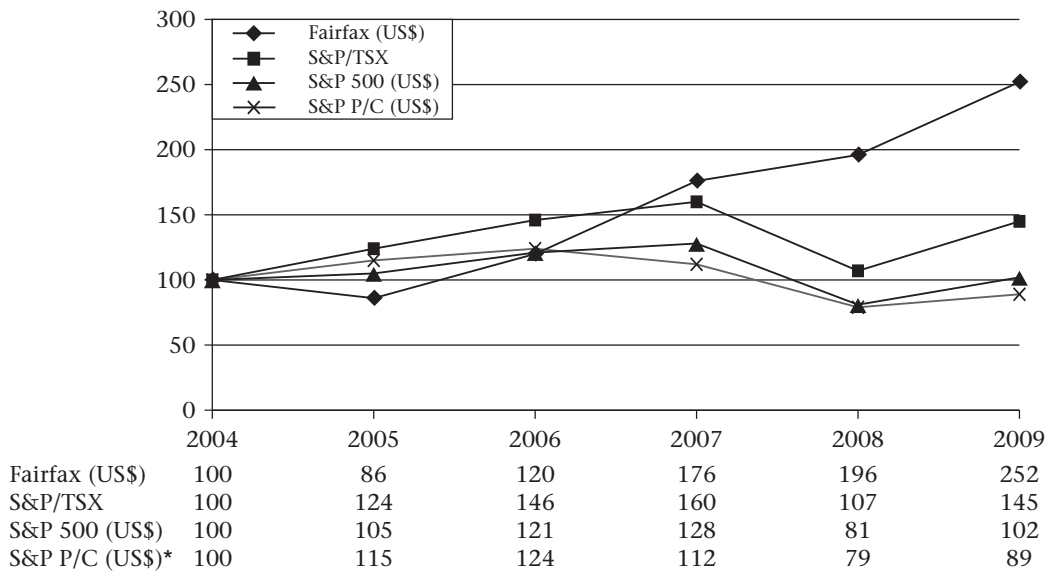

Compensation of the Chief Executive Officer for 2009

Since 2000, Mr. Watsa has agreed that his aggregate compensation from us will consist solely of an annual salary of \$600,000 (and standard benefits provided to our executives generally), with no bonus or other profit participation, no participation in any equity plans (other than the employee payroll share purchase plan) and no pension entitlement. Mr. Watsa’s compensation arrangements reflect his belief that as a controlling shareholder involved in the management of the company, his compensation should be closely linked to all shareholders; this close link is achieved by his “compensation”, beyond a fixed salary, coming only from his share ownership. The Compensation Committee evaluated and approved the continuation for 2009 of Mr. Watsa’s above-described compensation arrangements.

Performance Graph

The following graph assumes that US\$100 was invested on December 31, 2004 in our subordinate voting shares and in common shares of the S&P/TSX Composite Total Return Index, the S&P 500 Index and the S&P Property-Casualty Insurance Index, respectively. The graph shows market values as at various year-ends, so that there is no necessary correlation between the trends, if any, shown in that graph and our executive compensation, which is determined as described above and, as so described, does not vary considerably year to year or itself reflect any trends.

Statement of Corporate Governance Practices

In 2005, our Board of Directors, in consultation with outside experts retained by the Board, reviewed our corporate governance practices. As part of this process, and by way of formalizing our governance approaches, the Board (i) approved a set of Corporate Governance Guidelines that includes the Board's written mandate, (ii) established a Governance and Nominating Committee and a Compensation Committee (in addition to the previously established Audit Committee), (iii) approved written charters for all of its committees (which charters include position descriptions for the Chair of each committee), (iv) approved a Code of Business Conduct and Ethics applicable to our directors, officers and employees and (v) established, in conjunction with the Audit Committee, a Whistleblower Policy. All of these items are available for review on our website at www.fairfax.ca under the heading "Corporate Governance".

The Corporate Governance Guidelines retain and enhance the principles and practices described in prior Management Proxy Circulars as underlying our governance system. The Code of Business Conduct and Ethics is built around the first value in our longstanding and regularly reported Guiding Principles — "honesty and integrity are essential in all our relationships and will never be compromised".

Our corporate governance policies and practices are reviewed regularly by our Board of Directors and updated as necessary or advisable. Our corporate governance practices are in compliance with all applicable rules and substantially comply with all applicable policies and guidelines, including those of the Canadian Securities Administrators. A description of our corporate governance practices is set out below.

Independent Directors

The Board has affirmatively determined that all of our directors and director nominees (other than Mr. Watsa) are independent in that each of them has no material relationship with us, that is, a relationship which could, in the Board's view, be reasonably expected to interfere with the exercise of the member's independent judgment. In making this determination, the Board considered, among other things, that none of those individuals (i) is, or has been within the last three years, an employee or member of management of us or our subsidiaries or related to any member of management, (ii) is related to our controlling shareholder, (iii) is associated with our auditor or has any family member that is associated with our auditor, (iv) receives any direct or indirect compensation (including to family members) from us except in connection with Board related work, (v) works or has worked at a company for which any member of our management was a member of the compensation committee, or (vi) has (other than possibly as an insured under an insurance policy issued on usual commercial terms) any material business or other relationship with us, our subsidiaries or our controlling shareholder. Accordingly, all of our directors are independent except for V. Prem Watsa, our Chairman and CEO. Shareholders and others may communicate with our non-management directors by addressing their concerns in writing to our Corporate Secretary at 95 Wellington Street West, Suite 800, Toronto, Ontario M5J 2N7.

Our directors have an ongoing obligation to inform the Board of any material changes in their circumstances or relationships that may affect the Board's determination as to their independence and, depending on the nature of the change, a director may be asked to resign as a result.

Lead Director and Independent Functioning of the Board

Our Chairman is also our CEO and controlling shareholder. Accordingly, the Board has appointed Anthony Griffiths as the Lead Director of Fairfax. The Lead Director is responsible for ensuring the independent functioning of the Board, including establishing, in consultation with the CEO, the agenda for each Board meeting, acting as spokesperson for the independent directors collectively in communications with the Chairman and presiding over meetings of the independent directors.

The agenda for each Board meeting (and each committee meeting to which members of management have been invited) affords an opportunity for the independent directors to meet separately and the independent directors regularly exercise that opportunity. In 2009, our independent directors held three *in camera* meetings, at which 100% of the independent directors attended. All committees are composed solely of independent directors.

Corporate Governance Guidelines (including Board Mandate)

Our Corporate Governance Guidelines, which include our Board Mandate, set out the overall governance principles that apply to us. Our Corporate Governance Guidelines include (i) position descriptions for each of the Chairman, the Lead Director and the CEO, (ii) sole authority for the Board and each committee to appoint, at our expense, outside advisors in connection with the performance of its duties, including determining fees and other retention terms, (iii) a mechanism for shareholders and others to communicate with us, (iv) share ownership requirements for directors, (v) obligations of directors in respect of meeting preparation and attendance, (vi) accountability of the CEO to the Board for implementing and achieving our Guiding Principles and corporate objectives approved by the Board and (vii) the Board's adoption of and commitment to the Code of Business Conduct and Ethics, which is applicable to all of our directors, officers and employees.

In our Corporate Governance Guidelines, the Board has explicitly assumed responsibility for our stewardship and for supervising the management of our business and affairs. Our Board Mandate states:

The directors' primary responsibility is to act in good faith and to exercise their business judgment in what they reasonably believe to be the best interests of Fairfax. In fulfilling its responsibilities, the Board is, among other matters, responsible for the following:

- Appointing the CEO and other corporate officers;
- On an ongoing basis, satisfying itself as to the integrity of the CEO and other executive officers and that the CEO and the other executive officers create a culture of integrity throughout Fairfax;
- Monitoring and evaluating the performance of the CEO and the other executive officers against the approved Guiding Principles and corporate objectives;
- Succession planning;
- Approving, on an annual basis, Fairfax's Guiding Principles and corporate objectives;
- Satisfying itself that Fairfax is pursuing a sound strategic direction in accordance with the approved Guiding Principles and corporate objectives;
- Reviewing operating and financial performance results relative to established corporate objectives;
- Approving an annual fiscal plan;
- Ensuring that it understands the principal risks of Fairfax's business, and that appropriate systems to manage these risks are implemented;
- Ensuring that the materials and information provided by Fairfax to the Board and its committees are sufficient in their scope and content and in their timing to allow the Board and its committees to satisfy their duties and obligations;
- Reviewing and approving Fairfax's annual and interim financial statements and related management's discussion and analysis, annual information form, annual report and management proxy circular;
- Approving material acquisitions and divestitures;
- Confirming the integrity of Fairfax's internal control and management information systems;
- Approving any securities issuances and repurchases by Fairfax;
- Declaring dividends;
- Approving the nomination of directors;
- Approving the charters of the Board committees and approving the appointment of directors to Board committees and the appointment of the Chairs of those committees; and

- Adopting a communications policy for Fairfax (including ensuring the timeliness and integrity of communications to shareholders and establishing suitable mechanisms to receive shareholder views).

Our Board has delegated to management responsibility for our day to day operations, including for all matters not specifically assigned to the Board or any committee of the Board.

Audit Committee

The members of our Audit Committee are Alan Horn (Chair), Anthony Griffiths and Robert Gunn, all of whom are independent and financially literate. Mr. Horn has accounting or related financial management expertise and is therefore a financial expert as defined by the Securities and Exchange Commission. He is a chartered accountant and a former partner of an accounting firm, was for many years the Chief Financial Officer of a public company listed on the TSX and has considerable experience on boards of directors and audit committees of public companies. Mr. Griffiths received an MBA from Harvard University, has extensive experience as an audit committee member and director of a number of public companies and has a sound understanding of accounting principles, including those used in the preparation of our financial statements. Mr. Gunn has significant experience with financial statement disclosure through his previous work experience, including as Chief Executive Officer and Chief Operating Officer of Royal & SunAlliance, a diversified insurance company. He also has experience as an audit committee member and director of a number of public companies, including as audit committee chair. For additional information concerning Messrs. Horn, Griffiths and Gunn, please see the information above under “Election of Directors”.

Our Corporate Governance Guidelines prohibit a member of the Audit Committee from serving on the audit committees of more than two other public companies (with the exception of our subsidiaries) except with the prior approval of the Board, including a determination by the Board that such service would not impair the ability of the director to effectively serve on the Audit Committee. No member of our Audit Committee serves on the audit committees of more than two other public companies (with the exception of our subsidiaries).

The responsibilities of the Audit Committee include (i) recommending to the Board the auditor to be nominated for approval by shareholders, (ii) approving the compensation of the auditor, (iii) overseeing the work of the auditor and management with respect to the preparation of financial statements and audit related matters and communicating regularly with the auditor and management in that regard, (iv) ensuring that suitable internal control and audit systems are in place, (v) reviewing annual and interim financial information, including MD&A, prior to its release and (vi) reviewing annual and interim conclusions about the effectiveness of our disclosure controls and procedures and internal controls and procedures. The text of our Audit Committee Charter can be found on our website, www.fairfax.ca, or in our Annual Information Form under the heading “Audit Committee”, which is available on SEDAR, www.sedar.com. Our Annual Information Form also contains information concerning fees paid to our external auditors for services they have rendered to us in each of the last two fiscal years.

In order to ensure the independence of our external auditor, the Committee has adopted a Policy on Review and Approval of Auditor’s Fees requiring Audit Committee approval of all audit and non-audit services provided by the auditor and, among other things, requiring the CFO and the auditor to report to the Committee quarterly on the status of projects previously pre-approved.

Compensation Committee

The members of our Compensation Committee are Anthony Griffiths (Chair), Robert Gunn and Brandon Sweitzer, all of whom are independent. The responsibilities of the Committee include establishing the compensation of directors and approving the compensation of the CEO and other executive officers. In establishing the compensation of the directors, the Committee will examine the time commitment, responsibilities and risks associated with being a director and compensation paid by companies similar to us. In approving the compensation of the CEO, the important factors for evaluating the CEO’s performance are our Guiding Principles and corporate objectives.

Governance and Nominating Committee

The members of our Governance and Nominating Committee are Anthony Griffiths (Chair), David Johnston and Brandon Sweitzer, all of whom are independent. The Committee is responsible for our overall approach to corporate governance. The Committee recommends nominations to the Board each year and recommends the directors it considers qualified for appointment to each Board committee and as Chair of each committee. The Committee is also responsible for annually evaluating and reporting to the Board on the performance and effectiveness of the Board, each of its committees and each of its directors. In conducting that evaluation, the Committee considers the Corporate Governance Guidelines, applicable committee charters and position descriptions, and the contributions individual members are expected to make. The Committee also monitors changes in the area of corporate governance and recommends any changes it considers appropriate.

Selection of Directors

We seek as directors committed individuals who have a high degree of integrity, sound practical and commercial judgment and an interest in the long term best interests of us and our shareholders. With this goal in mind, each year the Board determines what competencies and skills the Board as a whole should possess (taking into account our particular business and what competencies and skills each existing director possesses). The Board makes these determinations at a time suitable for the Governance and Nominating Committee to reflect them in its recommendations for nominees to the Board. In making its recommendations, the Governance and Nominating Committee also considers the competencies and skills any new nominee may possess, the independence requirements and the requirements for any distinctive expertise.

Orientation and Continuing Education of Directors

Each new director receives a comprehensive orientation from our Chairman, including an overview of the role of the Board, the Board committees and each individual member, the nature and operation of our business and the contribution and time commitment the new director is expected to make. The orientation will include access to our senior management and facilities. The Lead Director will also meet with each new director to orient that director on the independent operation and functioning of the Board.

The Board is responsible for considering from time to time appropriate continuing education for directors, which may include presentations from management, site visits and presentations from industry experts. Each director is expected to maintain the necessary level of expertise to perform his or her responsibilities as a director and, as discussed in more detail below, is subject to an annual evaluation.

Board Performance Evaluation

Each year a confidential annual review process is completed to assess the overall effectiveness of the Board, the individual directors and each committee. As part of this process, each director completes a Board Effectiveness Survey and a Confidential Director Self-Evaluation Form. The Board Effectiveness Survey reviews Board responsibilities, operation and effectiveness. The Director Self-Evaluation Form asks directors to consider their participation on and contributions to the Board and its committees and their goals and objectives in serving as a director of our company. The Chair of the Governance and Nominating Committee collates the results of the survey and meets with individual directors to discuss evaluations at a director's request (or as required to address a specific issue) and reports to the Governance and Nominating Committee and to the Board on evaluation results.

Ethical Business Conduct

The Board has approved a Code of Business Conduct and Ethics that is built around the first value in our Guiding Principles — "honesty and integrity are essential in all our relationships and will never be compromised". The Board is responsible for monitoring compliance with the Code and accordingly has, in conjunction with the Audit Committee, established a Whistleblower Policy pursuant to which violations of the Code can be reported confidentially or anonymously and without risk of recrimination. The Board has also approved a Public Disclosure Policy applicable to all directors and employees and those authorized to speak on our behalf.

Among other things, the Code requires every director, officer and employee of Fairfax to be scrupulous in seeking to avoid any actual, potential or perceived conflict of interest and to constantly consider whether any may exist. If any material transaction or relationship that could give rise to a conflict of interest arises, the individual must immediately advise the Chair of the Audit Committee in writing and not take any action to proceed unless and until the action has been approved by the Audit Committee. The Governance and Nominating Committee also reviews all proposed significant related party transactions involving directors, executive officers or a controlling shareholder.

Solicitation of Proxies

Our management is soliciting the enclosed proxy for use at the Annual and Special Meeting of Shareholders to be held on April 22, 2010 and at any adjournment thereof.

We will bear the cost of soliciting proxies. We will reimburse brokers, custodians, nominees and other fiduciaries for their reasonable charges and expenses incurred in forwarding proxy material to beneficial owners of shares. In addition to solicitation by mail, certain of our officers and employees may solicit proxies personally or by a means of telecommunication. These persons will receive no compensation beyond their regular salaries.

The information contained in this Management Proxy Circular is given as at March 5, 2010, except where otherwise noted.

Provisions Relating to Proxies

A properly executed proxy delivered to our transfer agent, CIBC Mellon Trust Company, at Proxy Department, P.O. Box 721, Agincourt, Canada M1S 0A1 (if delivered by mail); at 320 Bay Street, Banking Hall Level, Toronto, Canada M5H 4A6 (if delivered by hand); or at (416) 368-2502 or (866) 781-3111 (if delivered by fax), so that it is **received before 12:00 noon (Toronto time) on April 21, 2010**; or to the chairman or secretary of the meeting for which the proxy is given before the time of voting, will be voted or withheld from voting, as appropriate, at the meeting and, if a choice is specified in respect of any matter to be acted upon, will be voted or withheld from voting in accordance with the direction given. **In the absence of such direction, such proxy will be voted with respect to the election of directors, appointment of auditors and shareholder proposal as described above.**

The enclosed form of proxy confers discretionary authority upon the persons named therein with respect to amendments to or variations of matters identified in the notice of meeting and with respect to other matters which may properly come before the meeting. At the date of this circular, our management knows of no such amendments, variations or other matters.

The persons named in the enclosed proxy are two of our officers. **If you wish to appoint some other person to represent you at the meeting, you may do so either by inserting such other person's name in the blank space provided in the enclosed proxy or by completing another form of proxy.** Such other person need not be a shareholder.

Under governing law, only registered holders of our subordinate voting and multiple voting shares, or the persons they appoint as their proxies, are permitted to attend and vote at the meeting. However, in many cases, our subordinate voting shares beneficially owned by a holder (a "Non-Registered Holder") are registered either:

- (a) in the name of an intermediary that the Non-Registered Holder deals with in respect of the shares, such as, among others, banks, trust companies, securities dealers, brokers, or trustees or administrators of self-administered RRSPs, RRIFs, RESPs and similar plans; or
- (b) in the name of a depository (such as CDS Clearing and Depository Services Inc. or Depository Trust Company).

In accordance with Canadian securities law, we are distributing copies of the notice of meeting, this Management Proxy Circular, the form of proxy and the 2009 Annual Report (which includes management's discussion and analysis) (collectively, the "meeting materials") to the depositories and intermediaries for onward distribution to Non-Registered Holders.

Intermediaries are required to forward meeting materials to Non-Registered Holders unless a Non-Registered Holder has waived the right to receive them. Very often, intermediaries will use service companies to forward the meeting materials to Non-Registered Holders. Non-Registered Holders who have not waived the right to receive meeting materials will:

- A. be given a proxy which has already been signed by the intermediary (typically by a facsimile, stamped signature) which is restricted to the number of shares beneficially owned by the Non-Registered Holder but which is otherwise uncompleted. This form of proxy need not be signed by the Non-Registered Holder. In this case, the Non-Registered Holder who wishes to submit a proxy should otherwise properly complete the form of proxy and deposit it as described above; or
- B. more typically, receive, as part of the meeting materials, a voting instruction form which must be completed, signed and delivered by the Non-Registered Holder in accordance with the directions on the voting instruction form (which may in some cases permit the completion of the voting instruction form by telephone or through the Internet).

The purpose of these procedures is to permit Non-Registered Holders to direct the voting of the shares they beneficially own. Should a Non-Registered Holder who receives either a proxy or a voting instruction form wish to attend and vote at the meeting in person (or have another person attend and vote on behalf of the Non-Registered Holder), the Non-Registered Holder should strike out the names of the persons named in the proxy and insert the Non-Registered Holder's (or such other person's) name in the blank space provided or, in the case of a voting instruction form, follow the corresponding instructions on the form. **In either case, Non-Registered Holders should carefully follow the instructions of their intermediaries and their service companies.**

If you have given a proxy, you may revoke it by an instrument in writing executed by you or by your attorney authorized in writing or, if you are a corporation, under your corporate seal or by an officer or attorney duly authorized, and deposited either at our head office at any time up to and including the last business day preceding the day of the meeting, or any adjournment thereof, at which the proxy is to be used or with the chairman or secretary of the meeting on the day of the meeting or any adjournment thereof.

A Non-Registered Holder may revoke a voting instruction form or a waiver of the right to receive meeting materials and to vote given to an intermediary at any time by written notice to the intermediary, except that an intermediary is not required to act on a revocation of voting instruction form or of a waiver of the right to receive materials and to vote that is not received by the intermediary at least seven days prior to the meeting.

Approval

Our Board of Directors has approved the contents of this Management Proxy Circular and the sending thereof to our shareholders.

By Order of the Board,

Dated March 5, 2010

Bradley P. Martin
Vice President, Chief Operating Officer
and Corporate Secretary

Fairfax Financial Holdings Limited

SCHEDULE A
SHAREHOLDER PROPOSAL

The following shareholder proposal has been submitted for consideration at the Annual and Special Meeting of Shareholders of Fairfax Financial Holdings Limited to be held on April 22, 2010 and at any adjournment thereof. The proposal and the supporting statement represent the view of the shareholder submitting it. The Board of Directors' response, including its recommendation to vote **AGAINST** the proposal, follows the proposal.

Shareholder Proposal:

WHEREAS:

Increasingly, investors are requesting improved disclosure by companies of how they assess and manage the risks and opportunities associated with climate change in order to protect long-term shareholder value;

Climate change and the increased frequency of extreme weather events like hurricanes, droughts, and fires present enormous risks to the insurance/reinsurance industry;

Fairfax Financial owns and controls seven insurance and reinsurance companies upon which its long-term financial success depends;

The Carbon Disclosure Project (CDP) is a non-profit organization that, on behalf of 475 institutional investors with combined assets under management of US \$55 trillion, every year collects climate change-related information from the world's largest corporations;

In 2009, the CDP sent questionnaires to over 3,700 companies, including Fairfax, requesting information on their assessment and management of the risks and opportunities that climate change presents to their business;

Fairfax Financial failed to answer the CDP questionnaire in 2009 and in the previous three years, and has told investors that it does not view climate change as presenting a significant risk to its business;

Fairfax's competitors ACE Ltd. and Travelers' Companies answered the CDP questionnaire in 2008, identifying important regulatory, physical and financial risks from climate change to their business and profitability.

RESOLVED: Shareholders request that Fairfax Financial Holdings answer the next CDP questionnaire, which will be distributed to companies in February 2010, in accordance with the applicable CDP Guidance.

SUPPORTING STATEMENT:

There is growing recognition within the insurance community that climate change presents enormous challenges to the industry. Allianz, Europe's largest insurer, estimates that climate change stands to increase insured losses from extreme events by 37 percent within a decade, while losses in a bad year could top \$400 billion. (CERES, "From Risk to Opportunity 2007: Insurer Responses to Climate Change")

In 2004, weather-related financial losses totaled around US\$145 billion and insured losses reached some US\$45 billion. In 2005, weather-related losses topped \$200 billion and insured losses were around \$70 billion. (UNEP)

Recognizing that global climate change poses a serious threat to the insurance industry, in April 2009, the U.S. National Association of Insurance Commissioners voted to require large insurers to start disclosing their strategies to address climate change-related risks in 2010.

Fairfax's competitors recognize the significance of climate change to insurers. ACE Ltd., for instance, sees climate change as an "important, serious issue for the global property and casualty insurance industry because it is [its] business to provide protection against many of the risks posed by such change." (CDP response, 2008)

Climate change also presents opportunities to the insurance industry. There is vast potential for insurers to introduce new climate-friendly products and services, such as policies that provide discounts to owners of green buildings, hurricane-resistance construction or renewable energy products.

Given the relevance of climate change to the business of the companies it controls, answering the CDP questionnaire will help Fairfax to assess the risks and opportunities that climate change presents to its future viability, and to communicate to investors its strategy to manage those risks and maximize opportunities.

Board of Directors' Recommendation to Vote AGAINST the Shareholder Proposal

The Board of Directors recommends voting AGAINST the above proposal, for the following reasons:

After serious consideration of the above proposal (the "Proposal") by management, which included discussions with Fairfax's insurance and reinsurance operations which would have business familiarity with the subject matter of the Proposal, and after serious consideration of the Proposal by the Board of Directors, which included discussions with management, the Board of Directors has determined as follows:

- Fairfax and its insurance and reinsurance operations are well aware of the potential effect of climate change and believe that they factor that awareness appropriately into their decisions on how to operate their business.
- Fairfax's disclosures to its shareholders do not omit any required or material information, including with respect to matters related to potential climate change.
- The great majority of the extensive amount of detailed information sought by the Carbon Disclosure Project ("CDP") questionnaire relates to greenhouse gas emissions. As a financial services company, Fairfax produces no meaningful amount of direct emissions and does not compile the requested information. If Fairfax agreed to complete the questionnaire, it would be creating substantial additional expense and administrative processes in order to produce information which would not be useful to it in the operation of its business or to its shareholders or its other securityholders in making investment decisions regarding their securities of Fairfax. Consequently, if Fairfax agreed to complete the questionnaire, it would be acting in a manner which would be materially adverse to the best interests of the company and its shareholders.
- The extensive amount of detailed data which would be provided to CDP in answering the questionnaire would not be accorded confidential or anonymous treatment; rather, CDP (whose interests do not include serving the best interests of Fairfax or its shareholders) expressly states that it is free to use the responses to its questionnaires and their contents without restriction and to authorize others to do the same. Such use and other authorization may well be contrary to the best interests of Fairfax and its shareholders.

As a result, the Board of Directors has determined that it would be adverse to the best interests of Fairfax and its shareholders, and of no benefit to Fairfax or its shareholders, to answer CDP's 2010 questionnaire, and recommends that shareholders vote **AGAINST** the Proposal.
